Allowable Subject Matter

1. Claims 1-4 allowed.

JP-U-61-2606 discloses a stopper with a single blade on each of the opposed sides, but does not disclose reverse blades formed on each of the opposed sides of the positioning slit, the reverse blades being directed in a direction generally opposite to the direction of the insertion of the plate-like portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
